RE: Compliance with Buy America Act

To Whom It May Concern:

Innovation Industries Incorporated fully complies with the Buy American Act (41 U.S.C. §§ 10a–10d) as well as the Buy American provisions under the clause entitled 52.225-9, *Buy American Act — Construction Materials* (SEP 2010).

Additionally, Innovation Industries certifies compliance with the Buy America requirements as defined in **Title 49 U.S.C. § 5323(j)** and **FTA regulations under 49 CFR Part 661** for federally funded transit-related procurements.

Innovation Industries Incorporated is a US based manufacturer of Elevator Signal Fixtures. The corporation has one manufacturing facility located in Russellville, Arkansas. This facility provides 100% of the metal fabrication, electrical component assembly, testing, and final assembly of all products manufactured by the company.

Our fully assembled products consist of approximately 85% sheet metal and 15% plastic and electrical components when calculated by weight. The following summarizes the US content of each of the major components:

Component	% US Origin
Stainless Steel	100%
Galvanized Steel	100%
Cold Rolled Steel	100%
Injection Molded Plastic Components	100%
PC Boards and Wire	95%

In total 100% of all fabrication and assembly of our products are completed in the US and 100% of the iron based sheet steel in our products originates from US mills and distribution centers.

Please contact Shirley Freeman, Purchasing and Customer Service Manager, or myself if additional information is required.

Sincerely,

A handwritten signature in blue ink that reads "Paul Horney" followed by a stylized flourish.

Paul E. Horney IV
President and CEO
